Auditors

We believe the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Basis of accounting and restriction on use and distribution

We note that this special purpose financial information is prepared for purposes of providing information to UPL Group to enable it to prepare the consolidated financial statements of the group. As a result, the special purpose financial information is not a complete set of financial statements of Decco Worldwide Post-Harvest Holdings Coöperatief U.A. in accordance with Dutch law and is not intended to give a true and fair view of the financial position of Decco Worldwide Post-Harvest Holdings Coöperatief U.A. as of March 31, 2018, and of its result and its cash flows for the year then ended. The special purpose financial information may, therefore, not be suitable for another purpose.

Responsibilities of management for the special purpose financial information

Management is responsible for the preparation of the special purpose financial information in accordance with the policies and instructions of UPL Group. Furthermore, management is responsible for such internal control as management determines is necessary to enable the preparation of the special purpose financial information that are free from material misstatement, whether due to fraud or error.

As part of the preparation of the special purpose financial information, management is responsible for assessing the company's ability to continue as a going concern. Based on the financial reporting framework mentioned, management should prepare the special purpose financial information using the going concern basis of accounting unless management either intends to liquidate the company or to cease operations, or has no realistic alternative but to do so.

Management should disclose events and circumstances that may cast significant doubt on the company's ability to continue as a going concern in the special purpose financial information.

Management is responsible for overseeing the company's financial reporting process.

Auditors

Our responsibilities for the audit of the special purpose financial information

Our objective is to plan and perform the audit engagement in a manner that allows us to obtain sufficient and appropriate audit evidence for our opinion.

Our audit has been performed with a high, but not absolute, level of assurance, which means we may not detect all material errors and fraud during our audit. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this special purpose financial information. The materiality affects the nature, timing and extent of our audit procedures and the evaluation of the effect of identified misstatements on our opinion.

We have exercised professional judgement and have maintained professional scepticism throughout the audit, in accordance with Dutch Standards on Auditing, ethical requirements and independence requirements. Our audit included among others:

- identifying and assessing the risks of material misstatement of the special purpose financial information, whether due to fraud or error, designing and performing audit procedures responsive to those risks, and obtaining audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control;
- obtaining an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the company's internal control;
- evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management;

Auditors

- concluding on the appropriateness of management's use of the going concern basis of accounting, and based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the special purpose financial information or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause a company to cease to continue as a going concern;
- evaluating the overall presentation, structure and content of the special purpose financial information, including the disclosures; and
- evaluating whether the special purpose financial information represents the underlying transactions and events free from material misstatement.

We communicate with management regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant findings in internal control that we identify during our audit.
